

Reviewing local health policies

There are **seven local areas working together** to review more than 100 procedures and treatments. The aim is to make sure that treatments and procedures are in line with the latest clinical guidance, that we are making the best of NHS resources and, where possible, treatments are more equal for patients in the region.

We want you to have your say about the proposed updates to treatments. You can let us know your thoughts and ideas by:

- **Completing our online survey, available on your CCG website and social media**
- **Completing a paper survey - available on request by calling 0121 612 3806**
- **Attending public events and meetings in your local areas**
- **Completing the survey over the telephone by calling 0121 612 3806.**

For more information and a full list of policies being reviewed please visit www.southportandformbyccg.nhs.uk, or call **0121 612 3806** to find out more.
